THE Practice of inoculating the SMALL POX being now extended into many Parts of the Kingdom, and it being highly requiſite that the Publick ſhould be faithfully inform'd of the Succeſs of that Method, whether Good or Bad; It is deſir'd, that all PHYSICIANS, SURGEONS, APOTHECARIES, and others therein concern'd, will be pleas'd to tranſmit to Dr. *Jurin*, Secretary to the ROYAL SOCIETY, a particular Account, ſpecifying the Name and Age of every Perſon by them inoculated, the Place where it was done, the Manner of the Operation, whether it took Effect or no, what Sort of Diſtemper it produced, on what Day from Inoculation the Eruption appear'd; and, laſtly, whether the Patient died or recover'd. They are deſired to comprehend in their Accounts all Perſons inoculated by them, from the Beginning of this Practice among us to the End of the preſent Year, and to ſend them ſome Time in *January* or *February* next.

IN caſe this be comply'd with, the ADVERTISER promiſes to give the Publick an exact Account of the whole Number of Perſons inoculated in *Great Britain*, diſtinguiſhing them into Claſſes according to their ſeveral Ages; as likewiſe of thoſe that it has had no Effect upon, and of thoſe that have died of it.

AND he farther promiſes to preſerve the Original Accounts, that ſhall be ſent him, and to give a Sight of them to any Gentleman who ſhall deſire it, that in caſe any of thoſe, who have been inoculated, ſhall afterwards have the SMALL POX in the natural Way, it may be known, whether ſuch Perſon had before received the SMALL POX by Inoculation, or not.

N. B. THE Names of the Perſons inoculated ſhall not be printed without Leave of the Parties concern'd.
